# DAVUD TAGHI

PROFILE

**UI/UX Designer, Front-End Developer, and Data Scientist** with over 10 years of experience delivering user-centric digital solutions, responsive web development, and impactful data-driven insights. Skilled in leveraging tools like Figma, Adobe Creative Suite (Photoshop, Illustrator, XD), and advanced programming languages **(Python, SQL, JavaScript, and React.js)** to create innovative, functional, and visually engaging designs. Proficient in AWS Cloud Services, data analysis, and visualization using Power BI, with expertise in machine learning and predictive modeling. Adept at aligning creative strategies with business goals through collaboration, usability testing, and data-driven decision-making.

Azerbaijani : **native (C2)**

SKILLS

**UI/UX Design:**

Wireframing, prototyping, usability testing, and interaction design using Figma, Adobe XD, and Photoshop.

**Front-End Development:**

Expertise in React.js, HTML, CSS, and JavaScript for building responsive web applications.

**Data Science & Analytics:**

Proficient in Python (Pandas, NumPy, Scikit-learn), SQL, and Power BI for data analysis, predictive modeling.

**Cloud & DevOps:**

Experience with AWS Cloud Services for scalable application deployment and infrastructure management.

**Graphic Design:**

Branding, logo design, and marketing material creation using Adobe Illustrator and InDesign.

**Data Analyst**

**Accenture | Warsaw, Poland**

September 2025 - Present

Key Responsibilities & Achievements:

- *Delivered data-driven insights and predictive models to support key business decisions for global clients.*
- *Designed and automated analytical workflows using Python, SQL, and Power BI to improve efficiency.*
- *Built and deployed machine learning models to optimize performance and forecast outcomes.*
- *Collaborated with cross-functional teams to translate complex data into clear business strategies.*
- *Ensured data accuracy and compliance through strong governance and quality control practices.*

**Data Scientist / Data Engineer**

**Marco Architects | Lodz, Poland**

April 2024 - September 2025

- *Utilized Python, R, and SQL to clean, analyze, and visualize complex datasets for actionable insights.*
- *Developed machine learning models using Scikit-learn and TensorFlow to predict customer behavior and optimize marketing strategies.*
- *Applied advanced statistical analysis and A/B testing to improve product recommendations and user engagement.*
- *Expert in data wrangling, ETL processes, and data visualization tools like Tableau and Power BI for reporting.*
- *Collaborated with cross-functional teams to drive data-driven decision-making and automate business processes using Python and SQL.*

**Art Manager**

Italdizain | Location: Baku, Azerbaijan

July 2023 - April 2024

- *Led design teams to innovate and align projects with business goals.*
- *Developed comprehensive design concepts to enhance user experiences and brand engagement.*
- *Collaborated with cross-functional teams to maintain brand consistency and project alignment.*
- *Directed projects from concept through completion, incorporating feedback and data-driven insights.*

UI/UX Designer & Web Developer

Cobalt | Location: Baku, Azerbaijan

August 2020 - April 2023

- *Designed intuitive user interfaces and user-friendly web experiences.*
- *Collaborated with development teams using HTML, CSS, JavaScript, and modern frameworks.*
- *Maintained codebase efficiency with Git and best practices in code management.*

UI/UX Designer & Graphic Designer

Collezione Italia | Location: Baku, Azerbaijan

August 2017 - July 2020

- *Developed user-centric web interfaces through research and team collaboration.*
- *Participated in the design and development process to create aesthetically pleasing and functional solutions.*

UI/UX Designer & Graphic Designer

Company: AIESEC Milan | Location: Milan, Italy

April 2017 - July 2017

- *Created user-friendly web interfaces and delivered cohesive, user-focused solutions.*
- *Managed codebases effectively using Git.*
